

# Discipleship Communities

Discipleship Communities are the places of connection for people at Carmel. Our communities come together to encourage and equip one another to live an abundant life in Christ. Adult Discipleship Communities connect in prayer, the study of God's Word, building authentic faith, and living out our Lord's teachings. Each community also connects in ministry, serving each other and area missional outreach partners. All Discipleship Communities are open to guests.

The chart below gives a summary of each community including:
