

Essential 4: Obedient Follower

***“My sheep hear My voice, and I know them,
and they follow Me.”
John 10:27***

Obediently following Jesus Christ is a direct response to Authentic Faith. Jesus Christ leads every believer down this path of life. He places many in front to lead us, and He places many behind and calls us to lead. An obedient follower submits his life to godly leadership in front and humbly leads those who follow. Ultimately, we follow Jesus Christ and the Holy Spirit as He comforts, encourages, and convicts us every day along this path. None of us will follow perfectly, and there are times when the shepherd breaks the leg of a sheep to teach him to follow well. Obediently following is making a daily decision to glorify God with every aspect of your life.

Who am I following?

Timothy followed Paul and looked to him as a champion of the faith who could teach and train him. Who are those Christ followers in your life that you are allowing to speak into your life and your journey? Who do you share your life with, and how often? Set up a specific schedule with a mentor and be faithful to that process. In addition, Pastor Alex is shepherding you as our Senior Pastor. Do you follow-through on the actions that he calls you to each week? How can you grow in this area?
